Safeway President Is Charming Host at Home

By DICK OSBORN

Milton Selby, 107 Camino Don Miguel, Orinda, was named president of Safeway Stores, Incorporated in October, 1955.

What kind of a man heads this tremendous billion-dollar industry?

By necessity, he must be away from home a good deal of the time. He spent 60 per cent of his time "away" during the last two months of 1955.

But when he is home, he and his wife Daisy occupy a lovely, unpretentious home surrounded by beautiful landscaping.

A GRACIOUS HOST, Mr. Selby opens the door to guests with (in this case) a roaring fire in a large and comfortably furnished living room.

Milton Selby is an unusual man with an unusual background. He is one of those rare people who prepares for a particular situation and stays with that situation until he has mastered it completely. He has had only one "job" all his life, and that is as an employee of Safeway, Inc.

"I guess that is a rather unusual situation," Selby said. "But my work has always been interesting and the responsibilities have increased and the scope of my duties broadened. This has kept things from ever becoming dull."

It is hard to see how work could ever become "dull" in an organization which has moved as rapidly and tremendously over the years as Safeway.

IN 1954 SAFEWAY realized an income from sales of $1,813,516,636 plus and additional $226,002 from dividends, interest and other sources.

Throughout the United States and Canada Safeway was operating 1998 stores and had opened 44 new outlets. Of these new stores, 39 were situated in the United States and five in Canada.

An additional 74 retail locations were under preparation for 94 additional retail stores, most of which have now been completed.

THE AVERAGE consumer considers Safeway the "supermarket down the street" which provides food for the table, but actually ths operations of the gigantic concern are far more complex. The company completed at the end of 1954 a complete warehouse and distribution center at Denver, Colorado, and addition to its grocery warehouse at El Paso, Texas, a vegetable packaging plant at Indio, Calif. and egg candling and packaging plants at Kearny, New Jersey and Vancouver, Canada.

Existing buildings and facilities at Butte, Montana and Dallas, Texas, were remodeled for ice cream plants and a vegetable packaging plant was set in operation at Washington, D.C.

Construction was recently completed on distribution centers at Garland, to supply the company's Dallas, Texas division, and at Little Rock to supply its Arkansas stores.

In addition enlargements were in process at the fluid milk plants in Denver, Colorado and Winnipeg, Canada; the ice cream plant at Denver and the vegetable cannery at Tabor, Canada.

AND THIS IS ONLY a partial list. Tremendous expansion of distribution centers stretching two-thirds of the way across the continent plus construction of warehouse facilities, fruit and vegetable packaging plants, fluid milk plants, ice cream plants, bread bakeries, cake plants and other allied factories is continually being carried out.

But the work has undoubtedly been interesting because it was cut out for a man of Milton Selby's abilities and temperaments.

His father, Edward, worked as an attorney and suggested to his son early during his educational program that he might find a position there to his liking.

Consequently, Milton Selby spent his last year at Boalt Hall, University of California Law school, preparing especially for corporation work with a view toward specialized duties with Safeway, Inc.

HE WAS GRADUATED from Boalt Hall in 1926 and was employed by Safeway as an attorney immediately after his admission to the California State Bar.

Very shortly thereafter he became assistant secretary of California Safeway Company and was later elected secretary. He was transferred to the administrative office in Oakland in 1933 and in 1934 was elected assistant secretary of Safeway Stores, Inc. (the parent Maryland corporation) and in 1937 became secretary.

He was elected vice-president in 1946 and treasurer in 1949. Except for the period between 1949 and 1952 he has been a director of Safeway Maryland since 1936.

His responsible position has kept him in close touch with the economic progress of the country, and has permitted him an unusual view of the development of our country over the past 20 years.

"Food is close to the econmics of the country and has provided an opportunity to watch the country's pulse," he commented.

"For instance, look at the development of our merchandising methods. At first our stores were just service outlets 20 to 25 feet wide.

"THEN THEY developed into 30 and 35 foot stores with little or no parking provided. In 1938 and '39 we thought we had built the last word in stores with 50 foot frontage and parking facilities. These stores had, maybe, 6500 or 7500 square feet.

"Now we provide parking for 200 or 300 cars, have thousands of square footage in our buildings and spend upwards of $300,000 on each store."

He noted that the war produced some influence in conditioning the people to substitutes, such as margarine.

"The trend now," he continued, "is toward pre-packaging . . . everything from complete packaged meals to vegetables and cake and biscuit mixes. The biggest difference, however, comes in the preparation of food. All the housewife has to do is take it home and put it on the stove. I guess, though, it is still hard for the new bride to learn to cook."

ASIDE FROM THE duties of his position, Milton Selby has had time to devote to his family and he considers the problems of raising a family as calmly and adequately as he considers the direc-

Monte Vista Fire District Hearing Will Be Feb. 21

Public hearing will be held before the County Board of Supervisors in Martinez February 21, 10 a.m., on the petition of about 100 residents of the Monte Vista area for withdrawal of the area from the Lafayette Fire District and its annexation to the Orinda Fire District.

Date for the hearing was scheduled Tuesday by the Board of Supervisors.

The petition and an accompanying letter had been submitted to the board by the Monte Vista Improvement Association, through Bob Walpole, president, and George Cook, fire protection committee chairman.

The letter and the petition state that the Monte Vista area logically should be in the Orinda Fire District, particularly since Orinda's third fire house will soon be erected nearby, at Via Las Cruces and Honey Hill Road.

THE COUNTY BOUNDARY Commission had approved suggested boundaries for the land involved on December 20. at that session Lafayette Fire Commissioner C. R. Turner objected to the proposed transfer, stating that transfer of the area would mean lowered income for the Lafayette Fire District.

Turner told the Boundary Commission that the Lafayette commissioners were studying "the possibility of the addition of two new fire stations, one of which would be in the western portion of our district."

ORINDA FIRE BOARD Secretary Clarence Betz said yesterday that the Orinda Fire Board "is not pressing for any annexation, and so is not taking any stand in this matter."

He stressed that it is "up to the people of the Monte Vista area" to decide what they wish to do.

Fire House Bids Will Be Opened On February 28

Bids for construction of Orinda Fire House No. 3, at the southwest corner of Via Las Cruces and Honey Hill Road, will be opened by the County Board of Supervisors in Martinez February 28 at 10 a.m.

This was decided by the supervisors Tuesday after they approved the plans of Architect Wayne A. Littlejohn of Orinda for the new fire house.

Fire Board Secretary Clarence Betz said yesterday that construction of the station is expected to start early in March and that the commissioners are hopeful that the building will be finished by July 1.

He stated that estimates are that construction costs will be "around $30,000."

The new fire station will house two pieces of equipment and will have four men on duty 24 hours a day," he added.

Sale Pending For Willows

Negotiations are in process for the selling of the Orinda Willows by Milt Nelson to Chuck Smiley.

Arrangements have not been completed as yet but an agreement is expected by February 15, according to Smiley.

Nelson and his wife have operated the Orinda Willows for 11 years.

Hearing Now Set For February 28 On Pine Grove

County Planning Commission public hearing on Pacific Intermountain Express Company's rezoning application for its 10½-acre parcel at the Pine Grove is now definitely scheduled for February 28, 8 p.m., in Martinez.

The date, a week later than that which had been tentatively scheduled previously, was set Tuesday night by the commission, at request of Mrs. Gladys Schwatka legal counsel for the Orinda Association.

The Orinda Association opposes PIE's application and is also opposed to future establishment here of any businesses which would not directly serve the Orinda people.

PRESIDENT Mel Arighi of the association announced yesterday that the community-wide poll of Orinda on the Pine Grove issue, to be conducted by the association, is still tentatively scheduled to get under way February 11.

Meanwhile, the recently organized Fact Finders continued its campaign against the association leadership, and the Fact Finders' chairman, Leo J. Alexander, declared:

"The real issue is this: Are we, as residents and homeowners, for or against a healthy growth in Orinda? Will we accept the economic facts of life — as did Menlo Park, Beverly Hills and Greenwich, Conn., and endorse a carefully-regulated commercial zone — or will we continue on under a minority leadership that is attempting to drive us into much higher taxes, with a blind, emotional disregard for these facts?"

PIE EXECUTIVE Vice-President C. E. Johnson said yesterday:

"Our previous filing with the Planning Commission was a request for rezoning of PIE's Orinda property under the newly adopted section of the County Zoning Ordinance which allows for a highly restricted administrative office zone.

"Sometime before the commission hearing scheduled for February 28, we will file plot plans and other specific data with the commission, which will give in detail our planned improvement for the Crossroads site."

PIE plans erection of a $750,000 administrative office headquarters at the Pine Grove.

AT TUESDAY NIGHT'S Planning Commission meeting, Mrs. Schwatka explained that two of the key spokesmen for the Orinda Association on the Pine Grove matter, Frank Newman and William Penn Mott Jr., will be away from the Bay Area around February 21, and that the delay in the hearing was therefore asked.

Mott is chairman of the association's Homeowners Committee, which has spearheaded the drive to "keep Orinda residential."

Mrs. Schwatka had consulted Bestor Robinson, a PIE attorney, as to whether a February 28 hearing date would be satisfactory with him, and he told her it would be.

ARIGHI yesterday stated:

"The association, in opposing the application for rezoning of the Pine Grove from its present residential-agricultural status to an adminstrative office zone, feels that such rezoning would constitute a precedent for future similar developments which would soon destroy the residential character of the community.

"Under the general leadership of Mrs. Millard Simon, who is organizing the conducting of the poll, Orinda is being divided into approximately 35 separate zones, each headed by a captain. Under each captain there will be sufficient poll takers so that each worker will contact only about 10 homes.

"With such complete coverage of Orinda, it is anticipated that all residents will be polled in a relatively short period of time."

ZONE CAPTAINS and the respective areas which they will cover were listed as follows by Arighi:

Northeast Orinda — Orinda Estates, Mrs. John Gilbert; Snug Harbor, Mrs. Kenneth Renwick, Mrs. Thomas Culbertson; Bear Creek Road, Mrs. W. F. Sargeant; Don Miguel and Lower Miner Road, Mrs. Ernest Chilton; Sleepy Hollow, Mrs. John Watson, Mrs. Robert Boyle; Upper Miner Road, Mrs. A. K. Harmon, Mrs. Cecil Cutting; Canyon Road, Mrs. Robert Neuhaus; Charles Hill, Mrs. Paul Levatin; Las Vegas and La Espiral, D. O. 'Men' of Year To be Honored At Dinner Meet

The Sun's Man of the Year and Woman of the Year awards will be presented at a dinner to be held at the Pioneer Village February 16.

M. H. Stanley of Lafayette and and Jean Henderson of Orinda will be awarded certificates by Herman Silverman, editor and publisher of The Sun.

Jim Simonds, chairman of the event, stated that dinner arrangements were being made by the Lafayette-Orinda Junior Chamber of Commerce but that the dinner was open to all Orinda and Lafayette residents, men and women.

Tickets have been distributed and they are available on a first come first serve basis. Seating capacity is available for 150 at the Pioneer Village, according to Simonds.

Master of ceremonies for the evening will be Ted Barcelone of Lafayette and guest speaker will be Phil Knox, the Oakland Young Man of the Year.

Reservations may be made by calling JayCee member Jim Dana, CL 4-3294 in Orinda and Lee Schell, YE 4-0769 in Lafayette.

Price for the dinner is $2.50 and a cocktail hour will commence at 6:30 with dinner following.

Simonds stated, "All the friends, relatives and anyone else who would like to honor the Orinda Woman of the Year and the Lafayette Man of the Year are more than welcome to attend the dinner on February 16. But don't forget the reservations are strictly on a first come first serve basis."

Near Two Million Dollar Estate Left by Widow

An estate totaling nearly $2 million dollars was left by the late Mrs. Mary Barker Alexander, a former Orinda resident.

The 82 year old widow of Wallace M. Alexander died in Honolulu last June 5.

An inventory prepared by Herbert Dunkel, state inheritance tax appraiser, showed assets of $972,674 in stock and $121,503 in cash.

Mrs. Alexander had lived at 12 Las Aromas since the death of her husband in 1939.

Her husband had been a director of steamship, sugar, airplane and oil firms.

Tract Plan Lacks Needed Flood Control, Says Rich

Chief Engineer Carl Rich of the Contra Costa County Flood Control and Water Conservation District declared this week that compromise flood-control provisions specified by the County Board of Supervisors for Tract 2314 in southern Orinda are "not satisfactory."

He further stated that these compromise provisions set "a dangerous precedent" for future subdivisions.

By a 3-2 vote, the Board of Supervisors last week granted the appeal of Frank W. Draeger from County Planning Commission denial of improvement plans for the 14-lot subdivision, which is along Ivy Drive, east of Moraga Highway.

(See editorial on front page of second section.)

THE PLANNING COMMISSION had turned down the improvement plans because the subdivider had not complied with recommendations of the Flood Control District.

These recommendations, according to Rich, were for proper control of the creek at the site, by lining the creek with concrete and paving the creekbed, or installing a culvert.

Instead, the supervisors, in granting Draeger's long-pending appeal against the commission denial, specified that grouted broken concrete rip-rap (poured concrete to join broken concrete pieces) be placed for a distance of about 30 feet at the bend of the creek, approximately 125 feet upstream from Ivy Drive, and that willows be planted in open spaces along the creek bottom.

DRAEGER, of Wilson and Company, engineering firm representing the subdivider, Jordan and Read of Berkeley, said this week that the willows would mean a lessening of erosion because the tree roots would "get matted."

He contended that the creek at the site does not come under the Subdivision Ordinance definition of a channel as a man-made creek, since this creek is "a natural one."

Therefore, he added, it is not necessary in this case to follow the ordinance's provision for placing a metal pipe or for concrete-lining a channel.

HOWEVER, RICH pointed out that the Flood Control District was concerned with steepness at the channel, and that the district felt that it would be cheaper to take proper precautions now than to wait until later, when the area will be more developed.

Jordan and Read purchased the tract-area from Utah Construction Company, according to Draeger. Draeger said that of the 14 lots, only eight lots are along the creek.

No one from the Flood Control District staff was at the January 24 supervisorial hearing. However, the district had been represented at previous sessions, and had repeatedly stressed that its flood - control recommendations were necessary.

MOTION that Draeger's appeal be granted, with the compromise provisions, was made by Supervisor Ivan T. Goyak. The motion was seconded by Supervisor Ray S. Taylor.

Goyak, Taylor and H. L. Cummings, board chairman, voted in favor of granting Draeger's appeal.

Supervisors W. G. Buchanan and J. Frederickson voted against the appeal.

$25,000 School Bond Issue Asked By School Board

By BOB RAPIDA

Residents of Moraga will vote May 18 on a $250,000 School Bond Issue. The bond vote was decided upon November 14 by the Moraga School Board but a date had not been set.

Such school bond action by the Moraga School Board had been urged by B. O. Wilson, county superintendent of schools at a public meeting held last October.

The bond issue calls for the $250,000 indebtedness to be used for purchase of school lots, buildings or purchase of school buildings, and other items of necessity to the furnishing of an educational plant or plants.

ALSO INCLUDED in the bond issue is a clause asking whether or not Moraga should become indebted to the state for an additional $250,000.

State law requires that the school district incur local indebtedness prior to receiving state aid in the form of a state loan.

The election will be held at the Moraga School and will be concurrent with the election of School Board Trustees.

Officers of the election are Mrs. Josephine Baitx, inspector; Mrs. Clare Fleuti, judge; and Mrs. Sophie Harbarth, judge.

HAROLD DeFRAGA, assistant county superintendent of schools in charge of financial operations, urged that the school board immediately determine the overall plan for development of the area.

"Because of the fact that there is a one to two year lag between the passing of a school bond issue and the building of an establishment it is necessary to know what future developments are planned for the area.

"At present I don't believe that anyone really knows what the projected future development of Moraga will be or when the development will really get under way," he pointed out.

FRANK KELLER, vice-president of Utah Construction Company, stated that Utah, which has large land holdings in the area and plans development of the area, is in favor of any issue which is for the betterment of the community.

"The land will be developed, but it will be developed in an orderly manner," Keller stated.

"Harland Bartholmew and Associates are studying the land out there and their findings are not as yet complete," he continued.

"A LOT DEPENDS on what the state highway people do out there. They (the state highway commission) have not as yet decided on their major road projects for the area and that pretty much leaves things up in the air. We'll just have to wait and see what develops," Keller concluded.

Meanwhile William Barnes, Moraga Ranch superintendent, stated that he had recommended to Utah Construction Company that the organization back the bond issue.

Fathers' March Nets $7000; Campaign Reaches $11,000

total for the entire March of ing the Fathers' March n Orinda Tuesday night and the grand total fo rthe entire March of Dimes Campaign was reaching the $11,000 mark as The Sun went to press.

"Everybody was just wonderful," Bill Koch, chairman of the Fathers' March, stated. "I guess there were 150 people in the Orinda School as the dimes were being rolled into dollars and everybody had a wonderful time" he continued.

Three to four hundred people participated in the March, according to reports. Merle Brown, manager of the American Trust Company, Orinda Branch, chief clerk Del Turner and note teller Janet Emerson computed the returns and deposited the money in the bank's night deposit under the guard of Constable Clint Jones' men.

"WE'D STILL BE there if it hadn't been for Merle and the others from the bank," Koch said.

"The spirit was just wonderful. There were two men who had worked out in the Sleepy Hollow district. They came to the school and remembered that they forgot two houses. They went all the way back to make sure the people had not turned on their porch lights for nothing," Koch pointed out.

"One fellow came in and said that no one had been to his house and gave his donation to Brown," Koch continued.

"THE WOMEN from the Santa Maria Guild were just wonderful,' Mrs. Harold Sage said. "Those cakes were delicious and the coffee really hit the spot for all those men on such a cold night."

"My feet still hurt," one of the fathers who wore his "For tonight I am a mother" badge said, "Sure my feet hurt and my nose is still a little cold but it was sure worth it," he continued.

"I didn't know there were so many hills in Orinda and another thing I didn't know, but sure do now, is that there were so many porchlights in town," he concluded.

MRS. DAN LUCAS, co-chairman of the Orinda March of Dimes, stated, "It is impossible to mention any one particular person or any one particular group. The area captains did a tremendous job. Everyone worked so very hard. They all deserve the very best of everything."

Another highlight of the Orinda March of Dimes Campaign was the basketball game staged in Miramonte High School. Jack and Chet Clark took all the players out to dinner prior to the "extravaganza." Clear profit from the event was over $200.

Another event was the turning over of $527 in March of Dimes cards from the Casa Orinda.

tion of a billion-dollar industry.

He and his wife have reared three children, Joanne, Lloyd and Elizabeth. Lloyd, who is presently attending law school in San Francisco bids to continue the family tradition of law.

Elizabeth is attending Stephen's College in Missouri and Joanne is rearing her own family in Newport Beach, Calif.

Commenting on juvenile delinquency and the present trend to try and provide entertainment for the younger generation, Selby commented:

"OUR CHILDREN were never any problem, and like all the others, they certainly have lots of advantages out here."

The president of the second largest food industry in the United States does not have a great deal of time for recreation, and he noted, "You just don't have time to do all the things you want." However, he tries to get away for a few days each fall to hunt ("But I missed a good deal of it this year") and he likes to play golf, though he has time for very little.

He is a member of the Orinda Country Club and the Athens Club in Oakland. He has subscribed to The Sun since 1947.

MILTON SELBY HAS made it a point over the years to devote time to his family and himself, however, and keeps the weekends free. "I'm pretty busy during the week, but I keep my weekends free . . . I've always made it a point to do that."

He admits that he is not the head of the house. The Selby's have a 14-year-old Maltese poodle "who is the boss of the house." The family is completed by a Labrador who goes hunting with Mr. Selby and Afghan who "came for breakfast a few years ago and just decided to stay, like 'The Man Who Came to Dinner'."

Selby maintains his office in the Safeway Administrative Offices in Oakland and drives to work. ("It's about 15-20 minutes and very convenient.") He thinks the proposed rapid-transit system would be a great thing for the area which . . . "certainly could use it."

The Selbys have lived in Contra Costa County since 1937 when they lived "on the north slope of Mt. Diablo." They moved to Orinda in 1941.

"There is a big future for continued growth in Orinda," Selby commented, "both in population and business."

REVERSE FLUSHING

One important maintenance point of your automobile is the cooling system. It should be reverse-flushed at least once a year. This removes lose rust and scale, one common cause of engine overheating, and thereby improves performance and lengthens engine life.

Moraga Vote Due On School Bond Issue, May 18

(Continued from Page 1)

"I can't say where the schools will be built or when, but I do anticipate development soon. We've been working right along and spring should see quite a few developments around here," Barnes said.

BARNES further stated that if the people of Moraga do not pass the bond election now they will be help up for quite some time before another election can be organized.

"These things take quite a bit of time," said Barnes.

Wilson last year had pointed out that Moraga was the third wealthiest school district in the county in terms of assessed valuation per child.

"ADDITIONAL population is actually a liability for school tax purposes, because of the lag between the arrival of the school child and the increase in tax receipts incident to the completion of his new home," Wilson pointed out.

Signers of the May 18 Bond Election Ballot were John A. Sanders, clerk of the Moraga School District, and Harry L. Rohrer, trustee.

Rotary Tells Officer Slate

Leighton MacGregor at a meeting of the Orinda Rotary held Wednesday announced that the nominating committee had chosen a slate of officers for the 1956-1957 fiscal year.

Nominated for president was Ramsay Underwood; treasurer, Earl Cappel and secretary, Harold Bryant. Directors will be nominated at a later date.

MacGregor presented a resume of proposed changes in the Rotary International constitution and by-laws.

Next week at the regular meeting of the Rotary to be held at The Willows, W. G. Golden, director of Social Welfare Department of Contra Costa County will speak before the service club.

Paul Pease will be the program chairman.

Monday 18 members of the Orinda Rotary returned from an inter-city meet in Reno. Represented were Rotarians from the Alameda and Central Contra Costa areas.

Rotarians on the trip were: Herb Hauser, Bud Hauser, Wayne Seroy, Leighton MacGregor, Frank Shirey, Earl Cappel, Stan Allen, George Dodge, Joe Duffel, Robey Smith, Don Bradley, Paul Pease, Tom Horton, Jack Schnieder, George Eberhart, Dan Popovich, Jack Buchter, Paul Demeter.

ALEXANDER REPORTED that the Fact Finders' executive committee held another meeting Tuesday night at the home of Dr. and Mrs. M. H. Groves at 25 Camino Encinas. He stated that "all present reported that their telephones had been ringing constantly with offers of support from other Orinda homeowners, many of whom were members of the Orinda Association."

"An aroused citizenry is rushing to support the Fact Finders and to offer assistance in the fight against minority rule and misrepresentation," declared Alexander.

"The Fact Finders wll show that famed residential areas like Menlo Park, Beverly Hills, Greenwich, Conn., and others all have adopted a sane policy of permitting a certain amount of carefully regulated commercial activity within their areas, zoned away from homes, but contributing in a large way to keeping the tax rate within a reasonable limit.

"WITHOUT THESE areas," Alexander continued, "the tax rates for schools, roads and other services would reach intolerable heights.

"It is a fact that 100 families moving into a community mean about 450 new people. These 100 families would put about 100 new children into the schools. These would need 2.2 new grade school rooms and 1.65 new high school rooms, which would cost about $120,000. Four new teachers would be required. The 100 families would add about $30,000 a year to the school operating budget alone. The taxes they would pay as homeowners would not begin to meet these costs.

"Authorities agree that there will be at least 25,000 homeowners in Orinda by 1960, only four years away. The tax rate is bound to become unbearable unless there is a certain amount of carefully-regulated commercial activity zoned to help cushion this tremendous tax load.

"THE FACT FINDERS are not for or against the Pacific Intermountain Express Company's application for an office building at its Pine Grove site. They are not for or against any individual building plan, as such.

"The Fact Finders have no ax to grind. They are just as proud of their homes as any other group, and would not dream of allowing a junk yard or smoky factory to be built near their homes. But they are for a certain amount of carefully-regulated commercial activity zoned away from actual homes.

"In other words, the Fact Finders merely wish to make known the facts so the citizens may reach their own sensible decision in the democratic way."

ASKED FOR comment on the controversy between the Orinda Association and the Fact Finders, Executive Vice-President Johnson of PIE observed:

"When a group of respected citizens, such as the Orinda Fact Finders, organize to oppose a minority group who are attempting to run the affairs of any community, I think it is a healthy situation and certainly it brings to that community the democratic way of conducting its affairs.

"In this case, I think the people of Orinda will now get all the true facts — a privilege to which they are certainly entitled."

New Courses In Dramatics Being Offered

The Orinda Children's Art Center is changing its name to the Orinda Art Center in order to expand its operations and serve not only Orinda children and their sponsors but the teenagers of Orinda as well. In cosponsorship with the Dramateurs, the Art Center will launch a program of dramatics for teenagers and younger children this spring.

Speakers will be Carl Rasmussen, director of the Dramateurs, and Mrs. Burdette Fitzgerald, director of Children's Theater at San Francisco State College.

Rasmussen will coach high school age young people in an afternoon program, culminating in a play when ready. Mrs. Fitzgerald will direct and supervise the same program for the seventh and eighth grade boys and girls.

Younger groups will meet in the neighborhood recreation rooms, where courses in creative dramatics will be offered to fourth, fifth and sixth grade boys and girls once a week under Mrs. Fitzgerald and her students at San Francisco State.

Acalanes Dads, Sons Will Dine

Oakland's DSA Man Phil Knox

"I prepared nominations for several others who I felt deserved the Oakland Junior Chamber of Commerce distinguished service award, but never thought I would get it," said Philip Knox, Jr. Walnut Creek resident, told the Sun yesterday.

But the 33 year-old attorney, 1110 Walker Avenue, has been who commutes to Oakland from among the most active of Oakland's civic-minded young men.

"THEY TOLD ME afterwards that I received credit in the judging for my part as special events chairman for the East Bay United Crusade, as chairman of the American Bar Association membership drive in Oakland, and as a member of the legislation committee for the State Bar. But I know of others who have done just as much."

The presentation itself, made January 14, came as a surprise.

"I was in Springfield, Ill., serving on an executive committee of the United States Junior Chamber of Commerce, when they made the announcement at a JayCee luncheon in Oakland."

Since he wasn't there, one of his law partners in Oakland accepted a certificate and gold key, symbols of the Distinguished Service Award.

THIS YEAR'S DSA recipient in Oakland was also the 1954 state president of the Junior Chamber, and in 1953-54, a representative from the Alameda-Contra Costa County Districts. He is now a member of the State JayCee board of directors.

Knox was a junior lieutenant in the U.S. Navy, surveying invasion beaches in the Pacific Theater, during World War II, and he graduated from Hastings College of Law in 1950, entering practice.

He lived in Oakland, Richmond, and now resides in Walnut Creek with his wife, Joan, and sons, Thomas, 9, and John, 7.

Youth Leader Training at Rec Center

The Acalanes Adult Center will co-sponsor with Walnut Creek, Concord and Pleasant Hill Recreation Departments a three-day training institute for all youth agencies and their leaders interested in juvenile problems, February 22 - 25.

It will be held at the Walnut Creek Recreation Center in six sessions, two each day.

Ben Solomon, training specialist in youth work and editor of "Youth Leaders Digest," will be the lecturer. He said, "We can do much to prevent juvenile delinquency, but we've got to use leaders who understand the type of boys and girls who are highly vulnerable to the pressures of modern life and they must be real leaders who understand the right techniques and practical methods of working with these boys and girls."

During this institute, many actual cases will be analyzed, real boys and girls under real-life situations. It will be shown how the proper handling can help them to grow up to become better men and women.

Such questions as "What is a good leader?", 'What techniques does he use?", "What are his qualifications?", "Are leaders born or can they be trained?", "How do you deal with behavior cases or problem children?" will be analyzed and handled.

Further information about the institute can be secured from the Acalanes Adult Center, AT 3-6262, Monday through Thursday evenings, or any of the aforementioned Recreation Departments.

ACCLAIMED BY MUSIC lovers everywhere is Dave Brubeck and his quartet, who will be heard at the Las Lomas High School Sunday afternoon in the second of the current Youth Concert series. It's Brubeck at the piano, with Paul Desmond at the alto sax, Joe Dodge, drums, and Norman Bates, string base.

Dave Brubeck to Appear At Sunday Youth Concert

Dave Brubeck and his quartet come to Las Lomas High School Sunday at 2:30 p.m., the second concert in the current Youth Concert series. His quartet has been heard across the country, in college, schools, TV, radio and on records. He is justly called "the leading jazz pianist" of America. He comes to our community in a special concert for young people.

The Board of Directors of Youth Concerts know Dave Brubeck and his Quartet will receive a warm and attentive welcome. At the first concert, presenting the San Francisco Symphony, held last month, one of the members of the Smyphony said, "That audience was the best youth Because they were well man-Because they were wellmannered? Not only that, "The musicians in the orchestra felt and know the young people were listening."' That is one of the goals of Youth Concerts, not just high attendance, but a listening group.

Only season tickets at $3 will be sold for the remaining three concerts.

New Outlook For Golfers

Heavy rains in the central county area have kept golfers impatient to try out Christmas clubs, off the fairways, but the wind and sunshine this week have brightened the prospect.

Norm Tauscher, pro at the Diablo Country Club, said yesterday that if the sunny weather continues, all 18 holes will probably be open today and over the weekend.

The worst condition for golfers for this time of the year in 15 to 20 years," is Tauscher's summation of the rain damage.

Almost no one has been out since Christmas, and only two holes have been occasionally playable until now.

The mowing machines have been put to work on the long grass.

At the Contra Costa Golf Club, "It has dried out a good deal," according to pro Pete Machado.

Play has resumed, and temporary tees are being used to allow the regular tees to fully dry out.

Peace Officers Attend Course

Forty Police officers and deputy sheriffs reported to the Northern California Peace Officers Training Center at St. Mary's College Monday for the fifteenth basic training class.

The junior college district is one of a dozen agencies cooperating in the program, including the State Department of Justice, Contra Costa Sheriff's Department and the State Department of Education, Bureau of Industrial Education.

"The objectives of the training," Grant said, "are to teach new peace officers the fundamentals of police work and an understanding of equipment and also, to develop an esprit de corps among officers."

The alterations call for extending the present gym thirty-two feet on the north end and building a stage on the south end. Work is expected to be completed in October.

Trustees also commissioned the architect to go ahead with plans for the construction of a multi-use room, cafeteria and little theater, at Miramonte High in Orinda, with completion in October.

MATH INSTRUCTION is conducted in courses in algebra, advanced algebra, geometry, solid geometry, trigonometry and general math.

All seniors in the district are required to take a Senior Math test to certify proficiency in math before graduating.

Trustees favorably reviewed teaching practices of utilizing income tax forms, family income budgeting and consumer arithmetic in district mathematics courses.

Superintendent Neil M. Parsons reported that Willis Burgess has been employed as language teacher at Acalanes replacing Mrs. Marie Krenz who resigned this month from the Acalanes teaching staff.

Rep. Baldwin Speaks on Port Chicago

Representative John Baldwin of the Sixth District, including Contra Costa County, said in part in a letter recently written to constituents, that he is interested in the Port Chicago Naval Magazine problem.

In his words:

"The problems of the Port Chicago Naval Magazine proposed land expansion and the Potrero Hills proposed Army Ammunition outloading terminal are back with us again!

"The Defense Department submitted to Congress last week its new proposed Military Public Works Bill. On Page 18 of this bill, the following item appears: 'Naval Magazine, Port Chicago, California: Ammunition storage and ordnance facilities and land acquisition, $23,365,000.'

"Your representative is informed that approximately $22,000,000 of this sum is for the acquisition of 5,000 acres of land, including the entire town of Port Chicago, the entire town of Nichols, the General Chemical plant at Nichols, 153 homes in Shore Acres Subdivision, and between 10 and 20 homes in Clyde.

"THIS WOULD mean almost 5,000 people would be forced to move out of their homes. I am strongly opposed to any such proposal, and a large number of Contra Costa County groups have passed resolutions against it.

"The Navy cannot acquire this property unless authorized to do so by Congress. In fact, three separate actions must be taken by Congress before the Navy can acquire the land.

"In the first place, Congress must pass an authorization bill **authorizing** the land acquisition. The Military Public Works Bill, which is H.R. 8625, is the authorization bill.

"This bill must first undergo hearings before the House and Senate Armed Services Committees. After being acted upon by these committees, it must be passed by the House and the Senate, and then must be signed into law by the President. Your representative has already written the chairmen of both committees requesting the opportunity to appear before the committees to oppose this Navy land acquisition.

"In the second place, even if the authorization bill is passed, Congress must then pass an appropriation bill **appropriating** the actual funds to be used in purchasing the land. If for any reason the proposal gets this far, hearings on the matter can again be requested.'

"IN THE THIRD place, even if both the authorization and appropriation bills are passed, the **specific purchase** of the land must still be approved by the Land Acquisition Subcommittee of the House Armed Services Committee.

I am strongly opposed to the whole idea of forcing 5,000 people to move out of their homes in peacetime. Many groups in Contra Costa County have passed resolutions not only opposing this Navy land acquisiton, but also requesting that the Port Chicago Naval Magazine be removed from Contra Costa County.

"Some groups feel that the main battle here in Congress should be devoted to the removal of the magazine. However, when I used to play football in high school, I found that to stop the play we had to tackle the man with the ball, not somebody else.

"Right now the ball is being carried by the Military Public Works Bill, and this is the bill which must have immediate attention with the objective of tackling this expansion proposal right there and stopping it. This of necessity must have first priority."

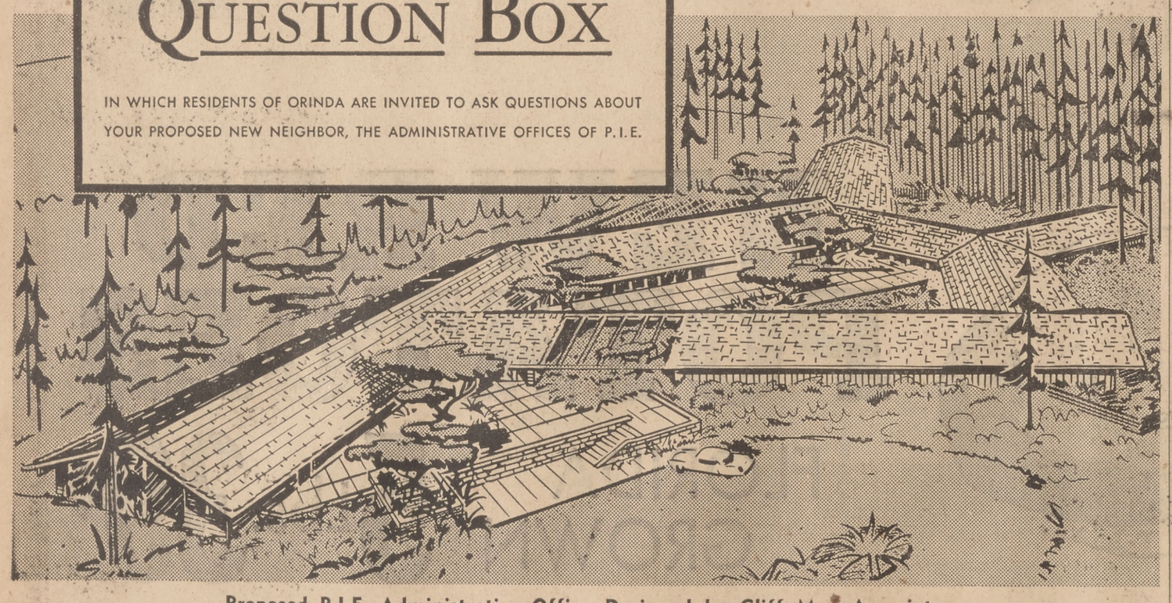
THE PINE GROVE
QUESTION BOX

IN WHICH RESIDENTS OF ORINDA ARE INVITED TO ASK QUESTIONS ABOUT YOUR PROPOSED NEW NEIGHBOR, THE ADMINISTRATIVE OFFICES OF P.I.E.



Proposed P.I.E. Administrative Office Designed by Cliff May Associates

Q. Will Orinda retain its residential character if P-I-E builds on their Pine Grove site?

A. Yes. According to Professor Francis Violich, Planning Consultant, ". . . it is possible from a planning point of view to adjust such development to the suburban character of the area." (Orinda at The Crossroads, May 3, 1955, page 14)

Q. Is the Crossroads area residential?

A. No. "From a zoning viewpoint the crossroads area is already a cluster of separate uses brought together by the convenience of the location. There is shopping on either side of the freeway. Professional offices, churches, schools, commercial entertainment and eating and drinking places are in the crossroads area. Administrative office uses would not conflict with the non-residential uses already established in the crossroads area." (An Alternate Plan for the Central Orinda Area, June 20, 1955, page 8)

Q. How do my neighbors feel about P-I-E building on their Pine Grove property?

A. According to an audit of votes taken in mid-1955, about 3 out of 4 favor rezoning the Pine Grove property to permit construction of P-I-E's administrative building. Actually, 2,759 Orinda people voted, 2,092 approved rezoning and 667 opposed rezoning.

Q. Would approval of the P-I-E proposal for an administrative building on its property at the Pine Grove site set a precedent for rezoning that would admit low cost housing, hotels, motels and night clubs in Orinda?

A. No. We are applying for rezoning under the new zoning ordinance, "Professional-Administrative." This sets no precedent for low cost housing, hotels, motels and night clubs in Orinda. They are not permitted in a Professional-Administrative zone.

Q. Will residential property values go down if P-I-E is permitted to build an administrative headquarters on the Pine Grove?

A. No. Rezoning of theP-I-E property will have no more effect on property values than the already established commercial uses in the area. In Menlo Park, residential property adjacent to administrative offices has greatly increased in value.

'Safety at Sea' Classes Begin

Commander William X. Okker, Oakland Power Squadron Skipper has announced the details regarding enrollment in the "Safety at Sea" class which is being given free to all interested boat-owners and non-boat-owners under the National Educational program sponsored by the United States Power Squadrons.

Classes started at 7 p.m. on Wednesday at the Oakland Technical High School and all interested Contra Costa County residents are invited to attend.

The local members are a part of over 26,000 United States Power Squadrons.

Commander William X. Okker said, "With the increaseed number of boat owners and potential boating enthusiasts around the San Francisco Bay Area, our Oakland Power Squadron feels that the best way and place to lay the groundwork for safe, skillful and enjoyable boating is for everyone interested to attend the Spring "Elementary Piloting and Small Boat Handling" class being put on by several of the members and officers of our Squadron. We welcome you aboard."

A few of the subjects being covered are: Safety at Sea, Rules of the Road, Courtesy, Piloting Rules, Seamanship and Elementary Piloting.

Although wives are invited to take the course and the examination for its boating educational value, the membership in the United States Power Squadrons is limited to males only.

Happy Birthday

JOHN DenDULK

To celebrate his ninth birthday on January 21, John DenDulk had a wonderful birthday party to which he invited the following boys:

Duke and Bobby Gibbs, Steve Douglass, Paul McKeever, Michael Byer, Ricard Kay, Tommy Hageman, Don Parce, Douglas Gillespie, Jan Chilton and Patrick Neylan.

Jeff Franklin was also invited but managed to fall out of a tree an hour before party time and needed slight reparation, thereby missing the party.

KENT DICKINSON

Little Indians whooped it up to wish Kent Dickinson a heap big birthday on January 21 when he had a birthday party for his seventh year.

Smoking "peacepipes," fishing, and enjoying a cake decorated like an Indian Reservation were the following:

Carter Irwin, Kent Williams, Gary Fiset, Bryan Tibbitts, Rickey Leueck, Steve Schnugg, Kim Felchlin, Billy Brobeck, Buddy Grah.

Two little squaws, Maurine Collins and Kent's sister, Lysnn, were also on hand to help with the party.

SHIRLEY DenDULK

A "Prince and Princess" party was the unusual theme selected for the celebration of Shirley DenDulks' sixth birthday on January 7.

Guests wearing gold crown hats and watching Shirley blow the candles out on her "Doll Cake," a creamy creation with a tiny Princess on top, were:

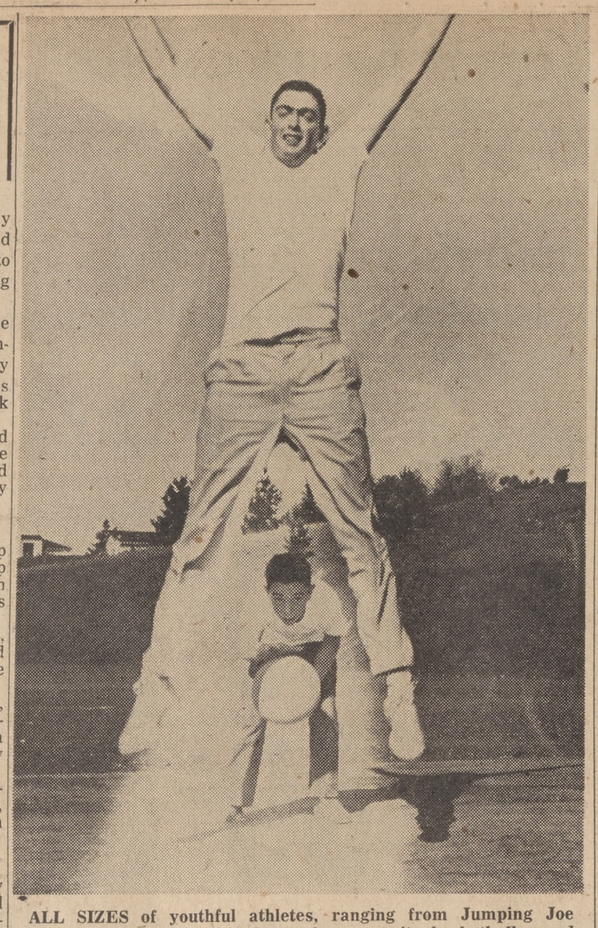
Kris Kay, Molly Gardner, Denise and Molly Bleuel, Sally and Lisa Douglass, Barbara Miller, Cindy Berry, Peter Rasmussen, Stanley Majka, Tommy Backett, Sara Woodard, Barrie Broderick and Mary Schnugg.

FRANKIE EDWARDS

Putting together colorful paper puppets proved fascinating fun for the birthday guests of Frankie Edwards at his recent seventh-year celebration at the home of his parents, Mr. and Mrs. Jack Edwards of Alta Vista.

The party with a Valentine theme found Frankie's first-grade schoolmates going home with wonderful books of cut-out valentines tucked under their arms.

Playing "Who's got the heart?" and enjoying ice cream and cake were Pamela Pixley, Megan Monahan, Kathleen Jackson, Marcia Brooks, Shelley Scarich, Steven Hanks, Denise Meyer, Mike Winfree, Clint Tesman, Kim Olsen, Neil Porter and John Hendrickson.



ALL SIZES of youthful athletes, ranging from Jumping Joe Sheaff (up in the air) of the Acalanes varsity basketball squad to hopeful Don Navone, participate in the Orinda School District's recreation program, which is under the direction of Frank Isola, physical education supervisor for the district. This picture was taken at the Orinda School playground last Saturday.

? Can you afford a 50% INCREASE IN TAXES ?

A report to the citizens of ORINDA from the FACT FINDERS:

IT'S A FACT ✓ ALL AUTHORITIES, including Stanford Researchers, the Contra Costa County Taxpayers' Association, the Bay Area Council, the Urban Land Institute, the P.G.E. Progress, the Oakland Tribune and many others agree that there will be well over 25,000 residents of Orinda within the next decade. These authorities also agree that the homeowner does not, and ordinarily can not, pay the full cost of building, equipping and maintaining schools to educate his children as well as provide the police and fire protection, road building and maintenance and finance all the other requisites of a modern community. A stopgap is increased county and state aid, but this cannot be expected to continue indefinitely. In a community of homeowners only, a tax increase, at least 50%, is inevitable, authorities agree.

IT'S A FACT ✓ THESE SAME authorities agree that the solution which meets the tax problem most directly involves designating limited areas, away from actual homes, for carefully specified non-residential purposes, such as office buildings and research laboratories. These require much less in the way of local government services such as schools than would residential use of the same land, and they pay much more in local taxes, due to higher economic value, than would residences using the same land.

IT'S A FACT ✓ THE CONSTITUTION of the Orinda Association stipulates: "It is the desire of residents and property-owners in the Orinda area to preserve the residential character of the same and in expectation of its future growth to promote its future development and maintain the high standards now associated with it." The constitution does NOT by any means bar establishment of properly-supervised and carefully-zoned commercial areas, despite claims to the contrary by the minority group now in control of the Association.

IT'S A FACT ✓ THIS SAME minority group often has cited the example of other well-known high-class residential areas such as Menlo Park, Greenwich, Conn., Beverly Hills and others, and claimed that these do not allow commercial activities within their borders. Here are the actual FACTS:

MENLO PARK — John R. Johnson, secretary of the Menlo Park Planning Commission reports: "Menlo Park has established professional-administrative zones which have greatly aided in holding the line in our tax rate. We are proud of this development and the way it has blended into our community. Menlo Park has been helped appreciably by these zones, the cost of municipal services to these zones being far less than that in the residential areas. In fact Menlo Park looks to the zones as its best means of broadening the tax base without expanding municipal service costs, including school costs."

GREENWICH, Conn. — W. E. Uptegrove, Town Planner, reports: "While Greenwich primarily is a high-class residential area, we have five different classes of business zones. The area of the entire town is about 48 square miles and only 610 acres, or 2 per cent, is zoned for commercial use. Despite the fact that only this small proportion of the town's land area is given over to commercial activity, it forms an important part of the town's economic base. We are requiring high standards so that whenever new business establishments are built they will be real assets to the community, with adjoining residential areas protected."

BEVERLY HILLS — The Planning Commission reports: "Beverly Hills of course is known the world over as a beautiful residential community, but not many people know that Beverly Hills also has 15 per cent of its area zoned for office buildings and commercial use. Even here where the residents are supposed to be too rich to worry about taxes, this 15 per cent commercial activity plays an important factor in keeping the tax rate reasonable. And it does not detract in the least from the beautiful home areas here."

IT'S A FACT ✓ The FACT FINDERS are Orinda home and property owners just like the rest. Many also are rank and file members of the Orinda Association, but have rebelled against its present minority control. The Fact Finders have no axe to grind. They are just as proud of their homes as any one else, and would not think of permitting a junkyard or smoky factory to be built nearby. But they do realize the need of carefully-regulated commercial structures, zoned apart from actual residential areas, to help bear the tax burden which otherwise will become intolerable. The purpose of the Fact Finders is not necessarily to be blindly for or against any special issue, but rather to make known the facts, so the citizens may reach their own sensible decision in the democratic way.

IT'S A FACT ✓ THE ISSUE is not for or against the Pacific Intermountain Express Company's application to build an office building at Pine Grove in Orinda — even if it does plan a beautiful structure like the Sunset Magazine building at Menlo Park — or for or against any other individual plan.

IT'S A FACT ✓ THE REAL ISSUE is this: Are we, as residents and homeowners, for or against a HEALTHY growth in Orinda? In other words, will we accept the economic facts of life, and endorse a carefully-regulated commercial zone — as did Menlo Park, Greenwich, Beverly Hills and other primarily residential areas — or will we continue on under a minority leadership that is attempting to drive us into much higher taxes with its blind, emotional disregard for these FACTS?

Vote FOR a HEALTHY growth in ORINDA!

Vote AGAINST minority rule, misrepresentation!

Once Again Action That Isn't Planning

At first glance, the action of the County Board of Supervisors regarding Tract 2314 in southern Orinda may not seem of major importance. But closer scrutiny brings out a deeper significance.

By a vote of 3-2, the supervisors granted the appeal of Frank W. Draeger against County Planning Commission denial of improvement plans for the tract, which is along Ivy Drive, east of Moraga Highway.

Some time ago the commission refused to accept these plans because the subdivider had not complied with recommendations of the County Flood Control District.

The Flood Control District had recommended steps to effect what it considered proper control of the creek at the site, for flood control and drainage purposes. The district urged lining the creek with concrete and paving the creek-bed, or installing a culvert.

(See news story in this issue.)

Draeger, representing the subdivider (Jordan and Read of Berkeley), appealed the commission denial. The matter had been pending for many weeks before the Board of Supervisors, prior to last week's supervisorial action.

As finally passed by the supervisors, the approval of the improvement plans for the tract carried the provision for compromise flood-control steps — placing of grouted broken concrete rip-rap at a bend of the creek, and the planting of willows in open spaces along the creek bottom.

Chief Engineer Carl Rich of the Flood Control District states that this compromise is "not satisfactory" and sets "a dangerous precedent." He points out that what happens in this case will have a definite bearing on flood-control and drainage steps in future subdivisions in that area.

Thus, a small 14-lot subdivision assumes greater importance than would otherwise be apparent. What has happened clearly exemplifies the thinking and action of some of our top county officials in facing today's problems so that these problems get well started on the road toward becoming tomorrow's headaches.

The County Planning Commission, acting on the recommendations of the Flood Control District, had denied the improvement plans for the tract. The Board of Supervisors, by its 3-2 vote, saw fit to accept the plans, after adding its compromise provisions.

Obviously, it is the responsibility of our county officials to solve problems not just for today, the expedient way, but with the future in mind.

The County Planning Commission recognized this responsibility and the problems at issue in this particular matter, and voted to deny the improvement plans for the subdivision — and once again the Board of Supervisors overruled the Planning Commission.

This is not just an isolated situation in the Orinda-Moraga area. It is an example of the sort of top-official-dom county action which has been occurring in many instances throughout the county.

For sound planning of the future of the county, it is apparent that the pattern of action by county officials must be changed.

Toastmistress Club Forming

A Toastmistress Club for Central Contra Costa County will hold an organizational meeting February 14 at the 1709 Mt. Diablo real estate offices of Mrs. Mertha Holmes, she announced today.

The program will be presented at 7:30 p.m. by the Oakland Toastmistress Club, which has been established for several years.

Temporary president of the new group is Mrs. Dorothy Chittenden. She will be aided by temporary Vice President Mrs. Midge Graham, Secretary Mrs. Holmes, Treasurer Mrs. Ada Alexander, Club Representative Mrs. Catherine Noble, and alternate Club Representative Mrs. Doris Gillette.

Although most of the early members belong to the Women's Division of the Contra Costa Real Estate Board, the club is open to any woman in the area interested in self-improvement and speaking, according to Mrs. Holmes.

"Like the Toastmasters, we are out for the experience, self-improvement through study and practice in conversation, and speech, group leadership and critical listening skills," she said.

What They Say — Have You Volunteered?

To make any community project a success, volunteers are needed.

This area has long been known as a community spirited one and to gage public sentiment on whether or not it is difficult to obtain volunteer assistance in community projects The Sun's roving reporter asked:

"Do you think it's easy — or difficult — to get volunteers to help in worth-while projects in your community."

MRS. THOMAS COURTRIGHT, 142 El Toyonal, Orinda, stated, "Most generally they are willing to help. We in our family have been called upon to help in past projects and I think that most of our neighbors are willing to help out in most any worth-while project."

Mrs. H. Richard Farmer, 6 Washington Lane, Orinda said. "I think it is easy to obtain volunteers. Both Mr. Farmer and I have been called frequently and we have done all that we could. I think that most Orindans are ready to help out."

Mrs. Russell Hufft, 679 Las Palos Drive, Lafayette, added. "I think that it is easy. My husband and I are presidents of the Burton School PTA and you have to have many people help you out on school projects. We had many help out on the Burton School March of Dimes drive."

ALSO IN LAFAYETTE, Vernon Peterson, 931 Stow Lane, said. "I thing that it is difficult to get volunteers for community projects."

"It is very difficult sometimes, I guess because a lot of people don't feel that they are qualified to help out. Usually they are wrong though," is the sentiment of Mrs. Wesley Reeser of 1751 Lilac Drive, Walnut Creek.

THOUGH HER participation is limited, she says, she has helped in Red Cross, and Mr. Reeser heads a Boy Scout Panther Patrol for the Walnut Creek Presbyterian Church.

"Get them lined up early, and keep in touch with them," says Mrs. W. J. Williams of 130 Richard Lane, Walnut Creek, who last year was chairman of the Parkmead PTA "Fun Fair."

"I have found that in the PTA it is the mothers that have the most to do who are the most willing to work," she added.

Mrs. Clayton Fredenburg of 100 Elda Drive, Pleasant Hill, declared, "There was no shortage of volunteers when the floods reached our Garthwick area on Christmas. Then men, including my husband, banded together to save their homes and property."

IT WAS EASY getting people in her area to help circulate petitions to improve a traffic situation in Pleasant Hill where walking children were in danger," Mrs. Stanley Anderson of 120 Stewart Circle told The Sun.

"On the way to Pleasant Hill High and Elementary School there were two narrow bridges crossed by students and cars alike.

"One lady volunteered not because her children crossed the bridges, but because she herself drove across, and was afraid of hitting a child," she added.

'La Ronde' Still Big Attraction

Schnitzler's "La Ronde," which as "Reigen" has had a lurid history of suppressed performances in Europe and America, is still attracting capacity audiences to The Playhouse at Beach and Hyde Streets where it enters its second month of weekend performances on Fridays, Saturdays and Sundays at 8:30.

The Nazis tried to use the play as anti-semitic propaganda, but it backfired on them and they finally had to suppress performances.

Tickets at $1.50 may be obtained from Sherman Clay box office or by telephoning The Playhouse, PR 5-4426.

Letters to The Editor

Dear Editor,

It may help to ease Cold-War tensions if interested citizens wanting peaceful co-existence, and that includes all of us, would write to the Atomic Energy Commission asking this government body to abandon plans for the coming hydrogen tests in the Pacific Ocean area!

We have been given enough bare essential facts on Soviet explosions and our own to know from a scientific point of view, that in the event of nuclear war, we are all dead or would wish it to be so.

It is up to us to work out this problem and not let unborn children suffer.

It we stopped testing and devoted all of our energy to peaceful uses, there is a hope that other major powers would also divert to the research necessary for atoms for peace. This could be a positive step toward disarmament.

Regardless of political party registration or preference, it behooves all of us to seriously think about this tension, and the need for relaxing the nervous finger on the atom. It will only cost us a three-cent stamp to send our thoughts to the Commission in Washington, D.C.

TOM KENDALL

Dear Editor:

Your recent column on the Bell and Light Warning System has caused me to think of another warning method that has been around a long time but hasn't received the publicity it needs to make it effective.

That is the CONELRAD Radio Alert.

CONELRAD participating stations will be the only stations on the air once the alert is on. Yet most people are not aware of the two frequencies to which all radio stations in the broadcast band must shift. These frequencies are 640 and 1240 Kilocycles.

They should be marked plainly on every radio dial.

The Conalert unit has several unique features; you don't have to be listening to the receiver to receive the alarm, all channels are preset and the unit is fail-safe. This means that the unit is effective twenty-four hours a day, seven days a week.

IT ALSO MEANS that the unit is silent in operation until an alert is received. Then the monitor speaker is switched in to hear the announcement from the key station.

What the status of CONELRAD is at this time; I am not certain. Some say that it is the only effective means of getting information to everyone. Others have suggested that they scrap the whole thing.

IF IT is here to stay, then everyone should memorize the 640 and 1240 Kilocycle numbers.

PAUL N. DANE

Dear Editor:

In reply to a letter written by William Penn Mott Jr. in which he quoted Abraham Lincoln's Gettysburg address: "That Government of the people, by the people, for the people, shall not perish from the earth," this teaching of our great American was certainly abused at the recent meeting of the Orinda School Board of which Mr. Mott is a leader did this community a disservice.

I WONDER if Mr. Mott who is on the Board of Oakland Recreation Department, would like this same mob rule and dictative group at His board meetings?

If this goes on at the county board meetings, no wonder they look for "legal lopholes" in the Brown Act.

AS I HAVE said before, we should do our part as citizens to keep this law, and surely such a meeting as the one referred to will not give it aid.

Is the Brown Act the only law we need to keep? Are not our Constitutional rights just as important?

Free speech is certainly our first right in our Democracy, yet many people have not been allowed to speak for booing and similar tactics of this same Orinda group. Neither is it practicing the teachings of these famous words when a leader permits himself privileges which he denies his neighbors, or when any group would stoop to the cowardly act of theratening boycott.

Before Mr. Mott advises citizens to act to remove public servants from office, whom he claims are not keeping Lincoln's famous words, it would be well to apply it to his own group, and as to the much talked of Brown Act let "Ye that are without sin cist the first stone."

Let's work on clips & comments

The other day I picked up the daily newspapers after News Editor Dick Osborn had clipped them for local items. It was maddening. His scissors had cut out big hunks of stories and all that I had left were intriguing holes.

And now, I know how wife Eleanor feels after I tear up the papers each evening. I hereby swear to be a good guy and let her read the papers first. All of which leads to the contents of today's column. Here's a batch of clips and notes and let's get into them:

Jim Ritch in the Martinez Gazette gives with an interesting quote from Flood Control Engineer Carl C. Rich.

"Rich was overheard muttering, apropro the snarlup in federal funds to fix up Walnut Creek's scarred levee, that 'The more the flood danger recedes, the higher the red tape gets'."

Writing of these flood conditions, Frank Piazzi of the San Francisco Examiner indicated that the $9,800,000 bond issue was a cinch to be passed in the April 3 election. Frank, the Examiner's East Bay news chief, has been misinformed.

A mighty rough election

As you know, a bond issue requires a two-thirds vote of approval. Even the most stalwart proponents realize that this is going to be most difficult. They are not fooled by reactions to the past floods. They know that it will take a lot of votes to win and so far no organized citizens' campaign is beating the drums.

I attended the last meeting of the Pleasant Hill Civic Council and Tom Shreve pointed out that only a tremendous vote in Pleasant Hill will carry the election.

How will you vote? It is important. For weeks now, The Sun has printed facts and letters on the subject and will continue to do so.

It's the same old story

Here is a clip from the Chronicle. The grand jury in San Bernardino County has asked its board of supervisors to outlaw pin-ball machines.

I hope they have more success than the Contra Costa Grand Jury of 1953-54. Our grand jury emphatically asked our supervisors to ban pin-balls. It was the same old story. The supervisors didn't. To take the heat off, they appointed a committee to study the problem and nothing has since been heard from the committee or the supervisors.

Pin-ball gambling continues to be a major law enforcement headache.

This is underlined by the next clip from the Concord Transcript. The Concord city council has outlawed pin-ball machines there. Thus, Concord joins Richmond, El Cerrito, San Pablo, Antioch in abolishing this gambling nuisance. (What about Walnut Creek?) Our supervisors blithely continue to ignore the problem.

Attention: District Attorney

While the needle is out, let's not forget District Attorney Francis Collins. Suddenly, our DA has become aware of public relations. For the first time, he is sending out publicity releases about the activities of his office.

Our editors well remember that it is practically impossible to reach Collins by phone. I think we have phoned him as many as 40 times during a week, without success. Mr. Collins should learn that good public relations is more than a press handout.

Here's a note of good news. Someone told me that Assemblyman Don Doyle has promised to sponsor a bill at the next legislative session that would require district attorneys to devote full time to their county job. This, of course, would eliminate the tremendously lucrative private practice that Collins now enjoys. I'll check with Doyle to verify.

And that is all.

Dramateurs Will Give Sketches

Once again the Dramateurs of Orinda will present a program of two dramatic sketches for the Hildred Club at the First Congregational Church, 26th and Harrison Streets in Oakland on February 17.

Jim Stanislawsky of Berkeley, president, will direct one of the presentation. His cast will include Jack Varner of Walnut Creek; Betty Reynolds, Judie Miner, Paul Pollaczek, Pinky Plumb and Charlie Gibbs of Orinda; Hans Kaiser of Berkeley and Leonard Nachman, Jim Harris and Jewel Scheeline of Oakland.

The second one will be directed by Edith Dinkin of Walnt Creek who is well known for the work she did with the Intimate Theater in Lafayette. Assisting her as technical director is Shirley Shaw of Concord and her cast includes Gordon Kull of Walnut Creek and Corinne Neumann of Concord.

The Dramateurs are also busy rehearsing for their spring production, Paul Osborn's "Point of No Return," which will be given in the Berkeley Little Theater March 23, 24, 30 and 31. Blocks of tickets are still avaiable for groups who are interested in a fund raising event.

For further information concerning the Dramateurs sponsorship program, call Jewell Scheeline at OLympic 3-3071.

THERE'S MUSIC IN the air when people like this gather to make plans, and if they have their way the music will come from the San Francisco Symphony Orchestra direct to Contra Costa County. Working on plans for the membership drive for the Symphony Foundation are, left to right, Mesdames Shirlee Marchant, Sheldon Allen and Bruce Eldridge.

Symphony Foundation Now Seeking Memberships

Emphasizing the fact that the San Francisco Symphony Orchestra belongs to the entire Bay Area Mrs. Marshall Shapiro of Orinda this week stressed the importance of a continuing successful membership drive by the San Francisco Symphony Foundation.

The task of explaining the work of the foundation to the people of Contra Costa County has fallen to several well-known residents, she said.

Heading numerous volunteers are Mesdames Samuel Abbot Jr., Danville; Sheldon Allen, Orinda; Bruce Eldridge, Walnut Creek; J. H. Gillan, Pleasant Hill; Shirlee Marchant, Lafayette; Clifton Moore, Concord and Claude A. Waldo, Martinez.

SYMPHONY FOUNDATION memberships are $10 and they entitle the member to many special musical delights during the season.

"A special concert will be held for members only with Enrique Jorda and the full symphony orchestra in San Francisco. This will also be presented in Berkeley for East Bay members," said Mrs. Shapiro.

"There will be lecture-concerts by Alfred Frankenstein of the Chronicle and Alexander Fried of the Examiner and special talks by Robert Lawrence, conductor, author and critic and Virgil Thomson, well known conductor," she said.

IN ADDITION, members will be invited to the annual reception, to be held this year November 21, when they will have a chance to meet Mr. Jorda and the members of the orchestra.

Members are also privileged to attend three specified rehearsals during the year.

A membership entitles two people to attend these functions, the member and a guest.

Over 1300 regular symphony foundation memberships were purchased in the East Bay in 1955, and it is the hope of the foundation that the figure may be doubled this year.

"Money raised from the sale of memberships is equally divided between two services," Mrs. Shapiro pointed out. "Half the money goes to defray the annual operating deficit of the symphony while the other half is applied to the endowment fund which, it is hoped, will eventually make the symphony entirely self-supporting and financially free from worry.

"THIS LONG-RANGE goal is being provided for only by the efforts of the Symphony Foundation, and it is up to lovers of good music to support their own source of such music," she added.

The group pointed out that the San Francisco Symphony, although belonging to San Francisco in name, in reality provides music for the greater Bay Area, and that without this group the people of Contra Costa County would find themselves without a source of internationally famous music.

In addition, the symphony is a vital part of the San Francisco Opera, the San Francisco Ballet, the Stern Grove concerts, the summer "pops" series and many youth concerts.

NEW OFFICERS of Santa Maria Branch, Junior Guild of Providence Hospital, discuss plans for the coming year. Left to right are Mrs. Douglas Mercier, treasurer; Mrs. Richard Ringwood, corresponding secretary; Mrs. Neil Moran, recording secretary; Mrs. Louis Fekete, president, and Mrs. George Maxon, vice-president. Spring Flowers Are Orinda Church Style Show Motiff

Flowers That Bloom in the Spring, have nothing in comparison with the card party and fashion show being presented by the Orinda Community Church Women's Guild next Wednesday when members and their guests will enjoy themselves amid decorous adornment of mobile harbingers of spring and earliest garden blooms.

Mrs. T. D. Kratz is in charge of ticket sales and has announced that the event is the usual sellout.

Mrs. A. Hartanov, chairman, says that due to the great popularity of the annual card party, it very possibly will be held over a period of two days next year.

A little too close for comfort

WHEN THE BRILLIANT morning sun gave way to sudden sleet and thunder Fri. ast, where were YOU? While the clouds battled and boomed, we took refuge in a walk-in closet, pretending to look for rummage and thus spent the hour till all was serene and quiet again.

Feeling rather foolish, we took a private poll of our own that revealed quite astonishingly that most otherwise stouthearted adults react much the same as we did, cowered in a corner hoping that neither Oak nor telephone pole will come toppling over, or worse yet, a lick of lightning.

One friend stuffs her ears w/cotton, pulls all the blinds and drapes, and proceeds w/a pill-instilled nap. Most mothers, we learned, put on a brave show because the children in the house think the "clouds are fighting" and clamor to the windows for a heavenly fisticuffs display!

PARTY PRATTLE . . . When the Bob Neylands entertained recently at an Hawaiian-styled soiree, their living room was transformed into a native paradise, the removed furniture replaced w/greenery, grass carpeting and beach backrests . . . All this atmosphere whipped up in honor of Arthur and Bee Comeford who are now registered at the "Reef" in Honolulu.

The sarongs were sorite

ON HAND TO SAY "ALOHA" were local natives, the Frank Gillespies, he as a Beachcomber, the Al McCanns, Tony Markusses, William Tyrells, Jim and Betty Irwin both in Muumuus and Dr. and Mrs. William Sheppard . . . Hostess Jean Nyland, a "Hilo Hattie Carnegie" in a distinguished muumuu model, a long black wig. Other lady guests in sarong attire.

The Hy Joneses gathered 30 guests together last wk. for big glasses and barbecue, Hy looking the true Country Gentleman of distinction in a handsome weskit admired by the conclave who went to WC later for the YR party!

Discovering they had the same B'days, (Jan. 31) Betty Lyman and Joe Zablocki and their spouses celebrated w/dinner at Tangiers and dancing in the Lochinvar Room.

The Robert Pridemores of Rustic Way entertained at Buffet and Bridge Sat. nite w/guests gourmetizing on mushoorms and fillets . . . Joe and Jean Downs, the Arthur Lundblads, Evie and Gene Hopper making up the two card tables.

THE LUNDBLADS AND DOWNS arriving from an early eve. "Unveiling" of the New Look at the Country Club . . . The Dan Peacocks, Don and Pat Doten, Fred and Matty Borden stopped in to see the new blue and pink decor . . . Also the Jack Frasers, Stan and Van Holmgren, Bob and Alice Hiehl, the Jack Bottomleys, John Folliards, and many more assembling to admire the new rugs, drapes, marble fireplaces and crystal chandeliers.

The Club Ladies admitted on this special occasion to the "Inner Sanctum," the men's downstairs drinkery, where the prevailing decor was shower caps, muddy sneakers, golf bags, and more of the Old Look!

ELEGANT COUTURE AND PRECIOUS JEWELS attracted among others, to the Jr. League Show at the Palace recently, June Kocher, Jackie Redmond, Phyll Hartanov.

Dorothy Caldera entertained last nite for both Fran Omo and Eloise Bannister, a duo Baby Shower.

A way with a fillet

David Hupp, writing to his family from Pearl Harbor, w/the USN, says that a top Airlines picked up the tab for his $9.00 fillet mignon due to a delayed stopover.

MEDALLIONS & SCALLIONS Dept. . . . Big bronze metals to all the fathers of the Mothers March of Dimes who hiked the hills in the frosty cold Tues. nite . . . Too numerous to mention all, but to everyone who worked on the following teams—**Harold Sage, Al Baer, Stan Hunn, Al D. McGregor, G. Loughman, Joseph Nicolet, Leland Atkins, Ben Olsen, Paul Pollaczek, Boyd Edlin, Arthur Reinebart, Al Batix, Arthur Fleuti, and a special award to Mrs. Douglas Adie.**

More Medallions to Jean and Dan Lucas for their third yr. as MofD Chairman . . . . to Harry Mortimer, Orinda veteran of 20 yrs., who at 83 missed the "Mothers March' only because of recent hospitalization . . . best remembered for his now-famous "Just for tonight I am a Mother" . . . to all Orindans who mailed in the MofD cards to total $400.00 over last year's postal receipts.

GOOD SAMARITAN CITATIONS to the Sleepy Hollow neighbors of Gordon and Myrne Prays, who between coffee and nightcaps, kept busy w/shovels at 2 a.m. one morning when a mountain of mud threatened to suffocate the Prays' prized plantings . . . Neighbors "dug in," too, for the Karl Sawyers and Ernest Mosers when their flora and fauna fell into the same predicament.

Some secrets for the young fry

Medallions too, to the Orinda Theater which will soon launch mid-mornig Sat. shows of special children's favorites, and to the Village Shoe Shop who will bring the most famous fireman of all, Fireman Frank, to the village for a March show.

SCALLIONS . . . To the kids who pull out the "For Sale" or "House Open" signs, transplant them at their hillside forts or not-for sale property! Parents, please follow-up!

To the pair late eve. t.v. commercial that runs a full fifteen-min. diatribe on all the glories of a kitchen gadget . . . It peels, pares, pinwheels, scallops, and all but makes a plain old beet or potato into a fancy kitchen corsage. More laughs than the comedy hours!

Knights Favorites over Spartans Tonight

Rams-Acalanes Varsity Game Looms as Toughie

Tonight finds another round of prep basketball on tap, with Pacifica traveling to Las Lomas for a pair of games.

The Las Lomas Knights have been a fast-improving club, and it looks like a double win for the Knights, as they appear to have, too much for the Pacifica Spartans.

THE ACALANES DONS host the Pleasant Hill Rams, and here it looks to be a toughie in the varsity game, with the Dons on the short end if their center, Joe Sheaff, is not up from a sick bed.

Joe was out of commission Tuesday when he came up with a fever, and it remains to be seeen if he will be ready for tonight's tilt.

In the lightweight game, the Don Babes have but one win on the seasons record and hardly figures to win tonight, as the Rams have a speedy, sharp-shooting quintet that wins far oftener than it loses, and consequntly takes the favorite's role.

ANTIOCH at Pittsburg rounds out the night's league play, with the lightweight game a tossup, while the undefeated varsity Pitt five, currently heading the league, looms as a heavy favorite to cop another win and maintain its numer 1 spot in league standings.

All encounters tonight start at 7:30 p.m.

NEXT TUESDAY is another round of play, with the Bees opening at 3:30 p.m.

Tuesday will mark the start of the second and final round of play.

Mt. Diablo and Pleasant Hill will meet at the Concord gym.

THE RAMS, defeated in the first round, could well reverse the tables, as the Devils lost their ace center, Norenberg, due to mid-term graduation. Tough offensively and defensively the loss of Norenberg could really cut down the Devils' strength. In the Bees it's a tossup.

Las Lomas goes to Pittsburg, and it looks black for Knight rooters, as far as a win is concerned.

Speed, depth, experience and record to date all point to the Pitt Pirates.

Best chance for a Los Lomas win is probably in the Bee division, where the Knights have a good scoring punch of their own.

THE DONS play host to the An-Antioch Panthers.

Chalk up a win for the visitors in the Bees, while in the varsity and, in view of a first round win, game the Dons have a home court figure to repeat in the winner's circle.

Antioch has a solid varsity team, and one against which you can't make many mistakes and still come out on top.

The Dons have a good club in their own right and, if they are up to par in personnel, they rate the favorite's spot.

Pacifica draws the bye and sits this one out.

PLENTY OF FAST ACTION was in evidence at Las Lomas High School gym January 24 in basketball games between the Las Lomas Knights and the Pleasant Hill Rams. Although the Rams nabbed both the varsity and Bee tilts, the Knights put up rugged opposition. This scene is from the varsity game, which ended 64-40, in favor of the Rams. Bob Ritchie of Pleasant Hill (No. 63, white jersey) is at left, with the ball, while a Las Lomas player is just behind him; still farther back is Don Ogden of the Knights. Between Ritchie and Frank Vallarino of the Rams (No. 55, white jersey) is Phil Maser of the Knights (dark jersey). To the right and a bit to the rear are the Rams' Ray Johansen (No. 58, white jersey), the Knights' Art Dalbey (No. 10, dark jersey) and Warren Millham of the Rams (No. 49, white jersey). —Sun photo by Mattson

Pirate Cagers Look Like Probable Prep Champions

By ERWIN MATTSON

THE PREP BASKETBALL RACE gets a bit clearer as time goes on, and right now is looks as if the Pittsburg Pirates could well be the winner when it's all over late in February.

If they do, it will be a repeat performance, as they nailed the pennant last year.

The Pirates toppled the Diablo Devils last week in the big one; both cubs had been undefeated. The Pirates appear to be well on their way, with probably their biggest hurdle coming tonight when they face the Antioch Panthers, who have been doing a bit of hoop hitting of their own in recent games.

Chances are that every club other than Pitt will lose two or more, so even if the Pirates are upset along the line, chances are they will end up in the winner's circle.

Strength of the Pirates lies in their ability to go wide open all the way, whereas the other clubs lack that stamina.

It could be a double championship for the Pirates, as their lightweights are undefeated.

The only other club in the circuit in the same class is Antioch's five, so the issue could well be decided in their meeting.

I SAW THE USF-San Jose basketball game Tuesday night in the San Francisco Cow Palace.

It was quite a sight to see the huge building crowded with better that 14,000 spectators and to see the nation's number 1 team, USF.

I was doubly interested because Bob Borghesani, ex-Don, was playing for the San Jose Spartans and part of the time was assigned to guarding fabulous Bill Russell.

Bob did a good job, but he looked like a Western Union messenger as he ran in and out. In fact, it looked as if he replaced everyone but the man with the striped shirt.

THE OLYMPIC GAMES activities have started, what with winter sports under way, and already reverberations are coming in.

The games are supposedly for peaceful purposes and unity among nations.

Participation, not winning, is the important thing — so says the Olympic preamble.

Charges are flying that some countries proselyte their athletes, other charges come in regard to equipment and methods used.

It looks as though winning is still important.

One thing certain — the competition is going to be keener than it has been in a long time, and Uncle Sam's forces are going to have anything but a walk away.

Desire is a tremendous factor in any activity — when you lose that, you have lost top performance.

Las Lomas Drops Two to Antioch

The Las Lomas Knights took to the road for a pair of league games with the Antioch Panthers last Friday night, and it proved to be a long ride home when the Antioch crews scored a 55-28 varsity win and measured the Bees 69-40.

The Knights, in contrast to their game last week with Pleasant Hill, were colder than a deep freeze and just couldn't get going in the big new Antioch gym when it came to scoring with any consistency.

ANTIOCH, on the other hand, was really at home, as they hit the hoop with regularity, particularly in the opening quarter, when they banged in 27 points, to race to a 27-4 lead.

In the second quarter it was a baseball score with the Panthers winning 8-6, bringing the count to 35-10 at the half.

IN THE SECOND half, Las Lomas came through with 18 points to the home club's 20, to wind it up 55-28, Antioch's favor.

Guy Vistalli, Panther forward, hit for a game total of 20 points for scoring honors, while Antioch's center, Don Ballard, and Guard Ron Rounsaville, were next with 10 points each.

Center Don Appleton was best for the Knights with 7.

Frosh of Las Lomas Romp To 60-21 Win

By R. E. DODGE

Last Friday the Las Lomas Freshmen defeated a bewildered Pacifica Frosh 60-21, in Las Lomas Gym.

This was the baby Knights' sixth win in eight starts to make the Frosh the winningest team in the school.

It took the Knights 10 seconds to make their first two points and had little trouble in rolling to a 15-2 first quarter lead. In the second quarter Las Lomas found little in the way of opposition as they registered 16 points to Paciifca's 2 leaving the score at 31-5 at half time.

In the third stanza Pacifica began to find the basket as they racked up 8 while Las Lomas hit for 11. In the fourth period the game went strictly along the lines of the first half, except that this was the highest scoring quarter of the game with the Knights hitting for 18 and Pacifica for 9.

As far as the individual scoring went Bob Gomez led 18 for Las Lomas. Don Hopkins and R. E. Dodge, also of Las Lomas, had 15 and 12 respectively. Pacifica's Frank Shepard, their post man, had 9.

Area Baseball Clinic, League for Kids Starts

By MEL ALAMANO

This is the first installment of a weekly report on the youth baseball movement for Walnut Creek-Lafayette-Orinda areas.

This year seems to be the big one as interest is being shown everywhere. This program will involve hundreds of boys and we need the support of local service clubs, merchants, recreation centers and the communities in general.

At a meeting held January 23 at Parkmead School the Walnut Creek Recreation Department and some of the heads of each league met and started the ball rolling on plans for the biggest baseball program held most anywhere.

EACH BOY IN this area will receive through his school an invitation to take part. This program is for all boys from 8½ years through 15 years.

The leagues will be broken into age groups such as Coast League (8½-10 years), National League (11-13 years) and American League (14-15 years).

There will be a mass meeting for all groups in the next few weeks and each boy should bring his dad so he can see how badly he is needed to help manage, coach or help with a team.

LAST YEAR WAS a success only because so many fine men pitched in to help the boys. A managers' and coaches' meeting will be held soon and after the baseball clinic is held teams will be formed.

Monday night a group of mothers met to assist in raising funds to offer any help they could. This was a volunteer group and we think it's a wonderful idea.

The dads will follow, we are sure, and how can the program be anything but a success? It takes a large body of people to run a good sound organized movement.

The Mother's Club for Baseball was attended by Mesdames Laura O'Dell, Donald Sleeper, Doris Marliave, Betty Breuleus, Alice Steele, Kay Kovats, Yvonne Cameron, Roberta Jones, Bud Salveson, Lorraine House, Catherine Strickland, Madeline McLaughlin and Shirley Gosdan.

This group will meet again February 13. Any mother interested should contact Mrs. Dave Jones at YE 5-5604 or the Walnut Creek Recreation Center for information. Sports and games on Locust Street, Walnut Creek, can also assist in any question on the baseball leagues.

ANY SERVICE CLUBS, merchants or others interested in helping sponsor this program please contact Red Gilham, Gord McNulty, yours truly or the Rec-Center at once.

The Kiwanis Club has offered their help and are behind the program 100 per cent.

Next week we will report further on the programs and any announcements will be made.

Pitt Downs Both Ram Hoop Quints

The Pleasant Hill Rams proved to be hospitable hosts Tuesday afternoon when they dropped a doubleheader in league play to the fast-moving and still undefeated Pittsburg Pirates.

In the Bee game, Pittsburg registered a 45-31 win. The Pittsburg varsity scored a 60-40 victory.

THE VARSITY tilt found the Rams doing well enough in the first half, only to slow down in the last half of play, to the point where what had been a close game turned into a near-rout.

The story of the game was pretty well told in the rebound department, with Pitt garnering 12 to the Rams' 11 in the first half.

In the second half, it was a different story, as Pitt collected a 22-7 advantage.

IN THE OPENING quarter the Pleasant Hill club went out in front 13-12, only to fall behind, 27-22, by half time.

The second half was all Pittsburg as ball control enabled them to score 33 points, while the Rams were checked with 18, of which 14 came in the final quarter when Pitt reserves had taken over.

Pitt was able to sew the game up in the second half when they hit for a torrid 50 per cent from the floor.

CENTER John Sanchez took scoring honors with 18 points, while Guard Jim McMillin bagged 16 for the Rams.

Ram Guard Bob Ritchie, in addition to netting 15 points, played a brilliant defensive game when he held usually high-scoring Pitt forward Jesse Lea to one field goal.

Naval Reserve Officer Receives Commendation

Lt. jg. Roger Tilkemeier, USNR, resident at 1744 Pringle Avenue, Walnut Creek, was presented a commendation for his participation in the underwater atomic test, "Operation Wigwarm," in ceremonies conducted by a senior naval ofifcer at the First Western Bank and Trust Company in Lafayette, Tuesday.

As executive officer of the fleet tug USS Tawasa, Lt. jg. Tilkemeier was a member of the surface support unit of Joint Task Force 7 which was responsible for the delivery of the test elements to the operating area, assembly of the tow during the atomic test and conducting the salvage operation.

Originall yfrom Freeport, Ill., Tilkemeier graduated from the University of Colorado where he entered the Naval Service through the Reserve Officer Candidate program. He was commissioned at Officer's Candidate School, Newport, R.I. in 1952 and served in the Korean Campaign. He was released from active duty in 1955.

Rams Defeat Spartan Teams In Doubleheader

The Pleasant Hill Rams copped a pair of league wins last Friday night when the Ram lightweights started off on the right foot by measuring the Little Spartans of Pacifica 35-26 and when the Ram varsity gained the nod by a comfortable 47-33 margin.

In the varsity game, the Rams were in command all the way. They jumped to a 12-6 first quarter margin and stretched the lead to 25-15 by halftime.

In the third quarter, the Pacifica Spartans made their best showing as they outscored the Rams 12-8, but from there on in, the issue was never in doubt as Forward Ray Johansen and Guard Bob Ritchie netted two field goals apiece, to pace a 14-point final quarter splurge.

Johansen and Pacifica's center, Larry Kent, tide for top scoring honors with an even dozen points apiece.

Mt. Diablo PTA To Conference

Mt. Diablo Council of Parents and Teachers members will attend a special district meeting to be held in the Concord Recreation Center Thursday, from 10 a.m. until 2 p.m. State CCPT officers Mrs. G. D. Edwards of San Diego, extension director and Mrs. Russell Scott of Salinas, first vice-president will be present to answer questions. Mt. Diablo Council will be host. Mrs. R. T. Adams of Walnut Creek, concil president, asked that those attending bring a sandwich.

The council has invited Mrs. George Beanston of San Francisco, state historian of the CCPT to be guest speaker at their Founders' Day meeting, February 13, at 12:30 in Lockwood Building of the Concord Presbyterian Church.

Don't throw trash from your car. It is against the law to be a litterbug. Keep our roads clean.

Dons Split With Devils

The Acalanes Don varsity lost to the Diablo Devils in a game played at the Concord gym Tuesday afternoon, but the Don Babes pulled an upset when they came through with their best performance to date to nail the Devil lightweights, 43-37.

In the varsity game, the Dons were handicapped when their center, Joe Sheaff, was sidelined with illness, and they went down for their second league loss, with a final of 42-37.

THE ACALANES club did well enough in the opening quarter, taking the lead 12-11, but scored only three field goals in the second period, to trail 24-18 at halftime with Diablo's center, Ted Plumb, doing most of the damage as he hit for 6 points.

The third quarter was even-steven, 11-11, and the Dons had a big chance to close the gap in the closing minutes, only to freeze on close-in and layup shots. The Dons did outscore Diablo, 8-7, in the final quarter, but it was a case of too little too late, and the the final buzzer ended any chances of an Acalanes win.

RAY JOHNSON, diminutive Diablo guard, took scoring honors as he rapped the hoop for 14 points.

Forward Bill Link was high for Acalanes with 12.

Rudolf Serkin In SF Symphony Next Weekend

Another in this season's imposing roster of San Francisco Symphony guest pianists will be on stage for next weekend's concerts — Rudolf Serkin, to play Beethoven's Fourth Piano Concerto Thursday, Saturday evening and Friday afternoon.

The orchestra under conductor Enrique Jorda will play Lalo's Overture to "Le Roi d'Ys" and an important work from the pen of the American composer Paul Crestan, Symphony No. 2.

Serkin is known globally for masterful interpretations of the classical and romantic periods. Well-remembered are his appearances in the Symphony's Beethoven cycle several years ago.

A Bohemian, Serkin was the fifth of eight children. Following his debut at the age of twelve with the Vienna Symphony, he met the famed violinist Adolf Busch who immediately foresaw a great future for the young pianist. During the years that followed, Serkin lived with the Busch family in Switzerland and eventually married Irene Busch, the violinist's daughter. The Serkin family's permanent home is now in Vermont.

Symphony tickets are on sale at the Opera-Symphony Box Office, Sherman, Clay and Company ,and all East Bay and Peninsula ticket agencies.

Luke's account of Christ Jesus' healing of the "woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise life up herself" (Luke 13) will be readings from the King James Version of the Bible.

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (316:7): "Christ, Truth, was demonstrated through Jesus to prove the power of Spirit over the flesh,' — to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin."

Juvenile Group to Elect

The Juvenile Hall Auxiliary of Contra Costa County will hold its 1956 annual meeting February 13 at 8 p.m. in the multi-purpose room of the Concord Elementary School.

Lonergan, temporary president, as the projects for 1956 will be determined, officers will be elected, and reports will be given by officers and committee chairmen describing the tremendous progress and results already achieved since the formation of the auxiliary last fall.

"THE COMMUNITY CARES" has been adopted by the auxiliary as its theme in their efforts to assist the staff of the Juvenile Hall in its work with troubled children.

Vice-presidents will be selected for each of the five geographical county areas to assist in raising funds, procuring volunteer workers, promoting greater understanding of the work of the probation department and Juvenile Hall and in publicizing the facts as they are known regarding causes and the nature of delinquency patterns and what an enlightened community can do about them.

VOLUNTEER COMMITTEE groups now working at the hall range from recreation and games and religious services to landscaping and sewing. There are at present 22 volunteer committees to cover the many special skills and requirements of this group.

Mrs. Lonergan added that the meeting will be open to the public and anyone interested will be welcome to attend. Further details may be obtained from Mrs. Lonergan, VE 7-2002 or Mrs. Laurence Nicolson, MU 2-2457.
